PROPOSITION 5

"Shall municipal officers and candidates for municipal offices, who receive only minimal compensation (not to exceed \$60 per meeting) for their public service, be exempt from the requirements of the State of Alaska Public Official Financial Disclosure Law (AS 39.50) and remain subject to disclosure requirements established under the FNSB code of ethics for boards and commissions?"

A "Yes" vote would exempt Borough officers and candidates receiving only minimal compensation from the State of Alaska's Public Official Financial Disclosure Law (AS 39.50).

A "No" vote would mean that Borough officers and candidates required to submit financial disclosures would remain subject to the State of Alaska's Public Official Financial Disclosure Law (AS 39.50).

PROPOSITION 6

Ordinance Reenacting FNSB Code 8.04.290 and 8.04.300, The Maximum Allowable Tax Revenues Initiative

"Shall sections 8.04.290 and 8.04.300 of the Fairbanks North Star Borough Code (FNSBC) of Ordinances be reenacted?" These sections will provide for limitations on the maximum allowable tax revenues for the Fairbanks North Star Borough. Under section 8.04.290 the borough will be able to levy or impose only the same amount of taxes for one fiscal year as the borough levied or imposed for the preceding year, except that the borough can increase the amount of taxes levied or imposed (a) to adjust for inflation; (b) to take into account new buildings and land coming onto the tax rolls; (c) make new payments on bonds; (d) pay for services approved by voters; (e) pay for new legal judgments entered against the borough; and to pay for expenses in emergencies. Section 8.04.300 provides a formula and definitions for the limitations of section 8.04.290.

A "Yes" vote reenacts the FNSBC Sections 8.04.290 and 8.04.300, which limits the maximum allowable tax revenues for the borough. If reenacted it may not be modified or negated within two years.

A "No" vote means the initiative will be defeated. The current revenue cap in the FNSB Code of Ordinances will remain in effect however, it can now be modified or negated by the assembly.
